

	REACH COMPLIANCE STATEMENT	Date	December 2023
		Pages	1 of 1

Dear Customer

The EU regulation EC 1907/2006 which covers the Registration, Evaluation, Authorization and Restriction of Chemical substances is an EU regulation effective from 1st June 2016.

The purpose of this legislation is to regulate chemical substances of a Very High Concern, or SVHC's. The company takes great care to ensure adequate controls are in place at the facility to ensure human and environmental health is not affected.

Chemical substances under the REACH SVHC 233 list legislation is available at:

<https://echa.europa.eu/regulations/reach/understanding-reach>

The London & Brighton Plating Company Ltd is a downstream user of any SVHC substances which may be used at the company's facility for metal finishing processes.

The registration of substances of Very High Concern or SVHC's are actioned by our Chemical Suppliers

The sunset date for Sodium Dichromate & Potassium Dichromate has passed. The company is now only permitted to use these chemicals on parts that are for aerospace or aeronautical applications.

The London & Brighton Plating Company Ltd has shown commitment for the continued use of Hexavalent Chromium Substances by joining the Aerospace and Defence Chromates Re-Authorisation Consortium (ADCR), subject to EU Reach regulations.
